Crosswater Design Thermostatic Valve with 3 Way Diverter

http://www.mogio.co.uk/resourcecenter/bathroom/46837_crosswater_design_thermostatic

Functional to use, a design classic. The top lever operates water control with diverter for two separate outlets. The middle lever controls the temperature. The bottom lever controls the water flow to a different single outlet, this can be used separately or simultaneously with the top lever. This valve is not supplied with a shower head, please make your choice from the vast range in the Shower Heads section. We recommend a minimum operating pressure of 3.0 bar.
